

Sinclair Broadcast Group's recent actions have made me and lots of people around me very concerned about the use of the our nations public airwaves.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

I am writing today to ask that you prohibit the airing of an obviously false film filled with propaganda. I ask you how we can show this inaccurate piece of journalism that is disgracing someone who served this country not only in war time but had the guts to join our nation's government and try to make a difference. If I wasn't a democrat I am now, republicans will stoop to any level to have power when they should be concerned our nation!

Please consider requiring Sinclair to pull its scheduled release of Stolen Honor.
